022-CPR-06-2013

EN 14351 – 1:2006 + A1:2010

Windows (including roof windows) and external pedestrian doorsets without resistance to fire and /
or smoke leakage

Aluminium and glass element for commercial and private buildings

Project reference **Order number / Order name**

Element reference **Item name**

System supplier **Schuco**

System description **ADS 75 HI / 75 HD HI**

Thermal transmittance (W/m²K)	1.50
Dangerous substances	NONE
Load bearing capacity of safety devices (N)	NONE FITTED
Ability to release (for escape doors only)	NONE FITTED

Reaction to fire (class)	npd
External fire performance (class)	npd
Radiation properties	Light transmittance (%) npd
	Solar Gain (%) npd
Resistance to wind load (class)	C3
Impact resistance of glass (class)	Class A
Watertightness (class)	5A
Air permeability (class)	2
Acoustic performance (dB)	npd
